Remember the pay rate is up to \$7.5 per hour.

Your sign up link expires within 24 hours.

Once your account has been created, you will need to complete the following steps before you start tasking:

1. 🕒 **5-10 minutes:** Complete Phone and ID Verification. This is to protect both you and us from fraud and will be completed through a third-party, internationally compliant verification service, Persona.
2. *If you're currently outside the country where your ID was issued, you might encounter an error during the verification process. Not to worry, though—your case will be carefully reviewed within the next 24 to 48 hours.*
3. 🗨️ **5-10 minutes:** Sign up for Slack. We use Slack as our main communication and community building platform – it will connect you with your Team Lead as well as other AI Trainers from your geography.
4. 🎓 **2 hours:** Learn how to become a world-class AI Trainer! Our course will teach you everything you need to know to start tasking with Outlier.
